*MESSEBAU UND EVENTSERVICE*

*die systemkreativen!*

Schlessmann Messebau und Eventservice stands for 15 years of reliable and customized full-service exhibition stand construction. We attend to an international clientele with support from the conception to the final product – individual solutions and personal assistance being our area of expertise.

Our service is highly appreciated by our customers.

*die systemkreativen!*

Due to our wide and varied experience creative constructions can be implemented proficiently. We primarily work with high-quality Octanorm system-solutions for project-specific arrangements.

Look forward to the implementation of your custom-made exhibition stand – in full accordance with your vision. We guarantee top-quality Europe-wide.

Our proximity to the Messe Stuttgart exhibition center provides an abundance of advantages and gives us the possibility to offer you absolute flexibility regarding the realization of your exhibition project. Short distances guarantee effective customer care throughout the whole exhibition performance.

Exhibition appearances in other European cities are serviced with equal reliability from build-up to dismantling.

Messe Stuttgart

With our strong personal commitment and professional course of action we assure you that your exhibition stand will be a most positive reflection of your company in all aspects.

Naturally, we will be of assistance with all questions regarding the exhibition organisation and preparation as well as all required permits.

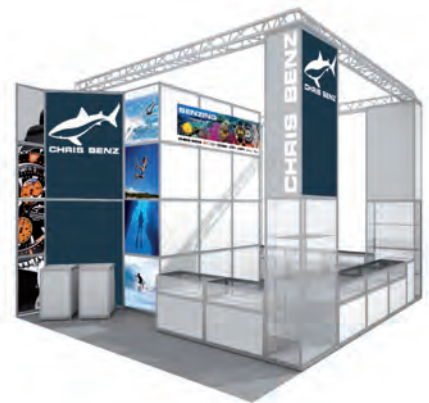

*right at your side!*

Based on permanent consultation with you a tailored exhibition stand concept will be developed according to your needs, ideas and requirements to offer you the ideal exhibition performance.

From the first draft, in most cases a CAD-drawing, to the on-site realization – we will accompany you throughout the complete project coordination.

The first step is a personal dialog to discuss your expectations as well as the realization possibilities, e.g. to evaluate the advantages of our system booths or those of individually designed stands for more complex set-ups. Following we will establish a neutral stand draft (not including graphics and logos) before the contract is placed.

Upon receiving your consent we will take care of the production of your stand, the on-site build-up as well as the herewith involved logistics.

*you name it, we'll do it!*

Our one-stop offer includes:

- Conception/draft of your exhibition performance
- Realization of a stand concept
- Substantial assortment of system furniture as well as stand equipment
- Graphics, banners and lettering in first-class quality
- Audio, video and lighting equipment

On demand we naturally offer the following as well:

- Booking of stand personnel
- Allocation of catering service partners
  
- Free of charge order service:
  - Handling of the required stand-building consent
  - Supply of electricity, water, air-conditioning and heating

*everything is possible!*

We will gladly provide a customized stand-building offer.

Please contact us at +49 (0) 711-750 46 40 or send your inquiry via fax +49 (0) 711-750 46 42 or email ([info@schlessmann.com](mailto:info@schlessmann.com)).

We look forward to a successful partnership!
